Things to think about

Have you a catchy title for your science and nature word search?

How many words will you have?

Think about the sort of objects / trees/flowers and buildings that you saw on your visit to help you.

Be sure to check your spelling, a **dictionary** could help with this.

Teachers notes

Children could complete their own word search by hand or on the computer depending on stage and ability.

Any pictures taken on your trip or in your outdoor setting to prompt the children to think about their words would be useful.

Depending on stage and ability, flashcards with words and pictures on could be available for children to copy or a

dictionary for children to check own spelling.
